## Social welfare – a definition

Social welfare as a **subordinate** benefit shall **guarantee a dignified life** for its recipient and preferably **enable** him to take care of himself without social benefits in the future.

Social welfare includes the following benefits:

1. subsistence payments,
2. needs-based pension supplement in old age and in case of reduced earning capacity,
3. assistance for health,
4. **integration assistance for persons with disabilities**,
5. assistance in care,
6. assistance to overcome special social hardships and
7. support in other circumstances

as well as the corresponding counselling and guidance.

## Integration assistance – a definition

Integration assistance shall support persons with disabilities and persons who are at risk of becoming disabled to integrate into society and alleviate the consequences of their disabilities.

### Integration assistance (6. Kapitel SGB XII – chapter 6 Social Code XII)

- assistance for medical rehabilitation
- services in recognized workshops for disabled persons
- benefits for participation in life of the community:
  - therapeutic benefits for children
  - assistance in the acquisition of practical knowledge and skills
  - aids for independent living in supported housing
  - aids for participation in community and cultural life
- aids for adequate education
- other services of integration assistance.

## Competency for integration assistance

Local agencies for social assistance:  
10 Landkreise (local districts) and 3  
Kreisfreie Städte (urban districts / towns)

Regional agency for social assistance:  
Kommunaler Sozialverband Sachsen (KSV)

- | for the under-18 year-olds and those who have reached the age of 65 as well as
- | for ambulant benefits for 18 to 65-year-olds
  - (besides ambulant assisted living)
- payment transfer to the KSV
- | all semi-inpatient and inpatient benefits as well as
- | ambulant assisted living for 18 to 65-year-olds
- ✓ Support of local agencies for social assistance in their social planning procedures

# Audit of integration assistance in the Free State of Saxony

## Audit methodology

### Cross section audit of all 13 local agencies for social assistance

- | 2 online inquiries
  - staff, development of number of cases, spending, measures of integration assistance
  - engaged software and controlling
- | inquiries in 3 districts

### Audit of the regional agency for social assistance (Kommunaler Sozialverband)

#### Audit objective:

- | Do the internal procedures of the social assistance agency allow an appropriate, professional and efficient exercise of function?
- | Are there possibilities for economization?

# Audit of integration assistance in the Free State of Saxony

## Audit results (1)

### Deficits in the collection of data

- | What is a „case“ ?
  - one or more benefits for the same recipient,
  - if applicable more than once a year
- | inaccurate bookings / classifications
  - personal budget
  - “other benefits”
    - individual benefits of more than 100,000 € per case
    - sometimes 27 % of the total costs of integration assistance
- | date of collection of data
  - Federal statistics
  - inter-municipal benchmarks

# Audit of integration assistance in the Free State of Saxony

## Audit results (2)

### Deficits in internal processing

- I internal controlling missing
  - no internal collection and analysis of data
  - no objectives determined
- I insufficient software solutions
  - no integrated solutions for special processes and budget control
- I internal revision / local examination of accounts
  - sometimes not enough staff to execute social audits

# Audit of integration assistance in the Free State of Saxony

## Audit results (3)

**Deficient overall planning-** need for an interdisciplinary approach

- Objective: improvement of impact (and reduction of costs)
- Co-operation of social assistance agency, doctors, health authorities, Federal Employment Agency, youth welfare office, ... **and the persons concerned**
  - | sometimes only 5 % of the measures included in overall planning
  - | no case management
  - | recipients not involved in the process

Reasons:

- | guidelines for overall planning missing
- | problems related to staff:
  - high sick leave, high employee turnover (staff under pressure)
  - no expert staff
  - specific training programmes missing

# Audit of integration assistance in the Free State of Saxony

## Audit results (4)

### Co-operation of the funding agencies

- complex services: medical, medical-therapeutic, curative pedagogic and socio-pedagogical assistance
  - only a few reimbursement claims examined and forwarded to the insurances
- co-operation of social assistance agency and youth welfare office
  - frequent change of competence ( $IQ < 69 \Rightarrow$  social assistance agency;  
 $IQ > 70 \Rightarrow$  youth welfare office)
  - Which kind of disability is relevant for the competence of the agency?
  - sometimes „big solution“ found (fusion)
- Implementation of the right to inclusive education (Art. 24 UN Convention on the Rights of Persons with Disabilities)
  - funding for **school escorts** unclear (education authority or social assistance agency)
- age limit of 65 relevant for competence (not the age of retirement)
  - Unnecessary change of competence (regional / local social assistance agency)

# Audit of integration assistance in the Free State of Saxony

## Audit results

Increase in spending requires improved controlling

Improved co-operation of the funding agencies

- | improve database
- | introduce controlling, train expert staff
- | introduce comparison system and benchmarks for social assistance agencies
- | define interfaces between assistance providers
- | ensure long term financing of social assistance
- **Campaign for coordinated regulations at Federal level**
  - | problem: municipalities not represented at federal level
  - | Saxon Social Ministry must engage as **coordinator** (not only supervisory body)

Prospects

- | new Bundesteilhabegesetz (Federal law on integration of persons with disabilities)

Thank you very much for your attention,  
your **questions** and your **remarks**.
